

DELAC Meeting Minutes

October 16, 2020

12:00 pm via Zoom

1. Introductions

- a. Renee Roberts DO, Kathy Coleman DO, Kathryn Diederich HHS, Viviana Angulo WE, Carolina Torres Barajas RA, Claudia Angel RHS, Adriana Ponce RE, Jodi Landa RE, Lidia Reynoso PV, Claudia Barajas, Monica Rodriguez PV

2. Reading and Approval of Minutes - 9/1/2020

- a. Lydia Reynoso motioned to approve
- b. Adriana Ponce seconded the motion
- c. All in favor - minutes approved

3. New business

a. Review Parent Engagement Plan - 2019

- i. Kathy D discussed the services that are provided in the title i school sites, the type of benchmarks that are given to ensure that students are on track, intervention curriculum that is offered in the district, progress monitoring to ensure that students achieve growth and parent involvement opportunities that the district offers to ensure that students make progress and maintain progress. There are parent resources listed as well committees that parents can be involved in such as Parent Advisory and DELAC.
- ii. Is there anything that needs to be added to or deleted from this plan, or is it good as it is.
 - 1. Members are in agreement with the way that plan looks
 - 2. Kathy D requested that we accept and adopt it as it is
 - a. Kathy C stated that the dates need to be changed to reflect the current year,
 - 3. Viviana motions to approve the plan

4. Mrs Ponce seconded the motion
 - a. All in favor
- b. LCAP review
 - i. Kathy discussed the few updates: LCAP date was changed for the LCP. We will have to do a three yr LCAP due in June. The template won't be adopted until January. Hopefully once that is available, hopefully the work that we did last year will be able to just be dropped into the template. The one page document is still a template for what we plan to have in the three year plan.
 - ii. Kathy C/Jodi went over goals and actions listed in the document
 1. Comments: Kathy C will add RTELS to the goals and actions
 2. Kathy discussed the difference between RTELS and LTELS: These titles put them into a category so the admins and teachers can put together a formula to help get the extra help they might need to continue to progress.
 3. How do parents feel about our programs for ELs: Adriana Ponce: has 3 students, 2 who were reclassified in 2nd grade and feels that they have done well and the Kinder loves Imagine Learning (supplemental online program)
 4. Claudia Barajas: child is reclassified and wants to know how long they are monitored
 - a. 4 years so we can make sure that they don't slip and get overlooked
 5. Claudia Angel: 8th grader still EL, if she doesn't meet requirements and goes to HS, will it be a detriment to her?
 - a. We have EL classes in the HS, and it would be an elective
 6. Adriana Ponce: Aside from committees are there any other opportunities for parents to get involved. Or is everything on hold because of the pandemic?
 - a. We are still working on getting students back to school safely. But, we are working on how

to implement a plan for more activities for parent involvement.

7. Kathy C: if we were able to find a teacher who would be willing to teach English classes via Zoom, would that be something parents would be interested in?

- a. Claudia Barajas: would participate but can't speak for other parents
- b. Adriana Ponce: would participate, but there were so many parents last time that couldn't read or write, let alone get on the computer. But it would be fine to try. Maybe now that there has been distance learning, that has improved.
- c. Claudia Angel: In modesto, the district and college (maybe) is providing college courses to parents (via zoom) based on income. Seems like some of things happening in the other ESL classes, is that parents were at different levels, so it would be better to offer different levels.
 - i. Kathy C: would have to look into the different options or opportunities

c. Schools back in session (TK-6 & Harvest)

- i. August 12 RAP returned
- ii. September 2 Tier III at two schools (SPED cohorts)
- iii. September 28 primary returned (TK-3)
- iv. October 12 intermediate grades 4-6 and HHS returned
- v. October 19 2 HS classes, Diesel Mechanics and Welding will return
- vi. We are currently discussing a plan for 7-12 to return. We anticipate that you will hear something soon.
- vii. comments/questions:
 - 1. Claudia Barajas: Mrs. Medina is on the phone and wanted clarification on the HS opening.
 - a. Kathy C: HS is more difficult because of the students transitioning between classes and unable to stay in one cohort. The two classes coming back will do only a few hours since there is nothing they can do online, then will

return to DL for the remainder of their class time.

2. Claudia Angel: any idea of how soon the HS will return?

a. Kathy C: does not know at this time. Return to school has been happening in phases as it is easier to manage small groups, admins can help students and teachers learn about the new procedures that need to take place in order to keep everyone safe. It is too hard to speculate how things will progress as the different grades are returning.

4. Next Meetings:

a. LCAP Community Meeting: 1/14/21 4:00 pm via Zoom

b. Parent Advisory Community Meeting: 2/4/21 4:00 pm via Zoom

c. DELAC: 2/5/21 12:00 pm

5. Other input

a. Claudia Angel: 8th grade EL student's grades have been falling terribly behind while on DL.

i. Kathy C: Who is the teacher? Claudia responded: Mrs. Gonsalves. Kathy C: reach out to the teacher, if that doesn't resolve it, reach out to Mr. Schuller so he can redirect.

6. Adjourn: 12:51
